

## Liege Belgian Individually Wrapped (IW) Waffles

Our authentic Liege Belgian Individually Wrapped (IW) waffles are great for bakery departments, grab 'n go convenience, vending/office supply and are perfect with take-out coffee, food service, gift boxes and meal kits too. Made from Liege Belgian waffle dough with all-natural ingredients (no artificial flavors, colors, additives, preservatives or ingredients of any kind), non-GMO flour, rBST free milk and butter, whole Belgian pearl sugars, pure maple syrup (Maple & Butter) and Belgian dark chocolate (Chocolate Chip). Our waffles taste great both at room temperature right out of the wrapper or quickly warmed up, and both with or without toppings. For folks who like toppings, our dough-based waffles also support all kinds of toppings better than batter-based waffles which tend to absorb and get soggy underneath them. Available in multiple flavors and sizes so you and your customers can enjoy not only the highest quality but also the greatest variety of authentic Liege Belgian waffles in the industry.

- Available in Medium (60g/2.12oz) and Large (90g/3.175oz) sizes in Butter, Belgian Dark Chocolate Chip and Pure Maple Syrup & Butter flavors, and Large (100g/3.53oz) in Cocoa Covered.
- 40 Medium and 30 Large Waffles to a shoebox size case respectively, except Cocoa Covered which come 28 Waffles per case.
  - 18 months shelf life from date of production kept frozen.
  - 13 weeks shelf life at ambient or refrigerated temperatures.
  - 180 (15 X 12) cases per pallet.
